- 1 If garlic (*Allium sativum*), see entry under Garlic.
- 2 If treatment has **not** been completed before entry, the fruits or vegetables may arrive in the United States only at the following ports: Any port located North of 39 degrees latitude and East of 104 degrees longitude; the maritime ports of Wilmington, NC, Seattle, WA, Corpus Christi, TX, and Gulfport, MS; Seattle-Tacoma International, Seattle, WA; Hartsfield-Atlanta International Airport, Atlanta, GA; and Washington Dulles International Airport, Chantilly, VA.
- 3 Irradiation as an optional treatment is available only after an exporting country has entered into a *framework equivalency work plan* agreement and met other requirements as specified in [7CFR 305.2](#). Currently, this country has **not** entered into a work plan agreement.
- 4 As a substitute for cold treatment only when applied in combination with other treatments e.g. methyl bromide fumigation. MB fumigation still required as prescribed to treat pests other than fruit flies.
- 5 Fruits irradiated in the country of origin and accompanied by a PPQ Form 203 to confirm irradiation may enter any State. However, untreated fruits and vegetables, intended to be irradiated for quarantine pests, cannot be treated within nor transit through the following States: Alabama, Arizona, California, Florida, Georgia (except for treatment in Atlanta, GA), Kentucky, Louisiana, Mississippi (except for treatment in Gulfport, MS), Nevada, New Mexico, North Carolina (except for treatment in Wilmington, NC), South Carolina, Tennessee, Texas (except untreated products to be irradiated may transit through Dallas/Ft Worth) and Virginia.
- 6 At present, importations of cipollino are limited to Norfolk, Virginia, and Baltimore, Maryland, where approved treatment facilities are located.
- 7 If the tomatoes transit fruit fly supporting areas of Europe and South America, they must be sealed by the Ministry of Agriculture of Morocco and the official seal must appear on the phytosanitary certificate. Tomatoes must arrive at the U.S. port of entry in insect proof cartons or cartons covered with an insect proof tarpaulin.
- 8 Must be accompanied by a phytosanitary certificate stating that, "These tomatoes were grown in registered greenhouses in El Jadida or Safi Province, Morocco, and were pink at the time of packing." Tomatoes must arrive at the U.S. port of entry in insect proof cartons or cartons covered with an insect proof tarpaulin.
