

June 1987

IMPORT HEALTH REQUIREMENTS OF SAUDI ARABIA  
FOR SHEEP EXPORTED FROM THE UNITED STATES

The animals must be accompanied by a U.S. Origin Health Certificate issued by a veterinarian authorized by the U.S. Department of Agriculture (USDA) and endorsed by a Veterinary Services (VS) veterinarian. The certificate shall contain the name and address of both the consignor and consignee and complete identification of the animals to be exported. Additional information shall include:

CERTIFICATION STATEMENTS

1. The animals are free of clinical evidence of communicable diseases and exposure thereto.
2. The sheep have not been affected with or exposed to scrapie, or originated from, or have been on, any premises which were infected or source flock premises. The animals are not the progeny of, nor related to any animal found to be affected with scrapie, nor were moved from a premises located in an area quarantined for scrapie.

EMBARKATION CERTIFICATION

At the port of embarkation, a VS port veterinarian shall attach to the U.S. Origin Health Certificate, the Certificate of Inspection of Export Animals (VS Form 17-37) showing:

1. The name and address of the consignor.
2. The name and address of the consignee.
3. The number and species of animals to be shipped.
4. A statement that the animals have been given a careful veterinary inspection at the port of embarkation and found free from evidence of communicable disease and exposure thereto within 24 hours of exportation.
